As a work owned by the United States Government, this Contribution is not subject to copyright within the United States."</i>	

## STANDARD TERMS AND CONDITIONS

The (Co)Author(s) and the Copyright Holder hereby agree to be bound by the following terms and conditions:

### 1 DEFINITIONS

1.1 **"Article Processing Charge" or "APC"** means the payment by the (Co-)Author(s) to Cambridge to publish the VoR on the COPP under the terms of this LTP.

1.1.1 Unless Cambridge, at its sole discretion, waives or discounts the APC, the Contribution will **not** be published until the APC is paid in full.

1.1.2 Where applicable, a separate invoice shall be issued to the appropriate entity for the payment of the APC and the (Co)Author(s) is/are responsible for providing Cambridge with sufficient details to issue the invoice.

1.1.3 Publication of the VoR under the CC BY NC SA or CC BY NC ND Creative Commons Licences expressly does **not** permit **any** commercial reuse of the VoR under the Creative Commons Licences without permission from Cambridge, to include reuse on commercial repositories and social media sites.

1.2 **"Contribution"** means the article written by the (Co)Author(s) as identified on page one of this LTP and includes, without exception, all the following versions of the article:

1.2.1 **Accepted Manuscript ("AM")**: the version of the Contribution that has been accepted for publication. This version may include revisions resulting from peer review but may be subject to further editorial input by Cambridge.

1.2.2 **Version of Record ("VoR")**: the version of the Contribution that is formally published by Cambridge. This includes any 'FirstView article' that is formally identified as being published before the compilation of a volume or issue as long as it is citable via a permanent identifying Digital Object Identifier ("DOI"). This does not include any 'early release article' that has not yet been fixed by processes that are still to be applied, such as copy-editing, proof corrections, layout, and typesetting. The VoR includes any corrected or enhanced VoR.

### 2 LICENCE

2.1 In consideration for publication of the Contribution, the Copyright Holder hereby grants to Cambridge:

2.1.1 a non-exclusive licence to publish, reproduce, distribute, and sell the Contribution or any part of it in all forms and media and in all languages throughout the world, whether print, digital / electronic, whether now known or hereinafter invented, and to grant sublicences of all translation and subsidiary rights;

2.1.2 a non-exclusive licence to exploit all other rights in the nature of copyright, including rental, lending and database rights and all other publishing and print on demand rights in the Contribution;

2.2 The Licence shall commence upon Cambridge's formal acceptance to publish the Contribution and shall endure for the legal term of copyright in the Contribution.

2.3 The Author hereby asserts his/her moral right (and, as applicable, has obtained authority from his/her CoAuthor(s) to assert their moral rights) always to be identified as the author(s) of the Contribution in accordance with the provisions of the UK Copyright, Designs and Patents Act 1988.

### 3 UNDERTAKINGS AND REPRESENTATIONS

3.1 Notwithstanding the non-exclusive licence rights granted to Cambridge under Clause 2.1 above, the Copyright Holder and the (Co)Author(s) agree and undertake that:

3.1.1 at the time of execution of this LTP the Contribution or any prior version of it, is not currently under consideration, in whole or in part, for publication in a peer-reviewed scholarly journal; and

3.1.2 during the period beginning on the date of acceptance of this LTP and ending on the date of Cambridge's publication of the VoR in the Journal, the Contribution will not be submitted for publication nor published in any peer-reviewed scholarly journal, either in whole or in part.

3.2 Nothing in Clause 3.1 shall restrict or prevent any use of the Contribution which falls under and is consistent with the terms of this LTP.

3.3 The (Co)Author(s) and/or the Copyright Holder, as applicable, hereby undertake and represent that:

3.3.1 they each have full authority and power to agree to this LTP;

3.3.2 the Contribution is original and has not been previously published in whole or in part;

3.3.3 the Contribution contains nothing that infringes any existing copyright or licence or any other intellectual property right of any third-party;

3.3.4 the Contribution contains nothing that breaches a duty of confidentiality or discloses any private or personal information of any person without that person's written consent;

3.3.5 all statements contained in the Contribution purporting to be facts are true and any formula, instruction or equivalent contained therein will not, if followed accurately, cause any injury or damage to the user;

3.3.6 the Contribution does not contain any libellous or unlawful material, or any material which would harm the reputation of Cambridge;

3.3.7 where the Author is signing on behalf of the CoAuthor(s), the Author has obtained prior written consent from each of the CoAuthors expressly authorising the Author to do so;

- 3.3.8 there are no actual or apparent conflicts of interest connected to the Contribution that have not previously been declared to Cambridge University Press. A conflict of interest is understood to exist if an interest (financial or otherwise) exerts or appears to exert undue influence on the analysis or conclusions in the Contribution, the choice of subject matter, or in any other way that impedes or appears to impede the (Co)Author(s)'s objectivity or independence.
- 3.4 The (Co)Author(s) confirm that they have obtained licences to publish any third-party material (including but not limited to textual, illustrative, audio and video content) within the Contribution throughout the world in all languages and in all forms and media consistent with the Creative Commons licence selected for publication of the Contribution; appropriate acknowledgement to the original source of all such materials has been made and, in the case of audio/video material, appropriate release forms have been obtained from the individual(s) whose likenesses are represented in the Contribution. Copies of all licences and/or release documentation will, on request, be forwarded to the Journal's editor prior to publication of the Contribution.
- 3.5 Any use of the AM by the (Co)Author(s) must include the following statement: "This article has been accepted for publication in **Epidemiology & Infection** and will appear there in a final form in the future." and, where possible, a link to the VoR on the COPP using a DOI link, e.g.: [http://dx.doi.org/\(DOI\)](http://dx.doi.org/(DOI)).
- 3.6 Any use of the VoR by the (Co)Author(s) should include a link to the VoR on the COPP using a DOI link, e.g., [http://dx.doi.org/\(DOI\)](http://dx.doi.org/(DOI)).
- 3.7 In the event that the (Co)Author(s) and/or the Copyright Holder are in breach of any of these undertakings Cambridge shall have the right to cease making

the Contribution available and/or to require that the (Co)Author(s) make any necessary changes to the Contribution (including any factual information).

#### 4 MISCELLANEOUS

- 4.1 Cambridge cooperates with various copyright licensing schemes which allow material to be photocopied within agreed restraints (e.g. the Copyright Clearance Center in the US and the Copyright Licensing Agency in the UK). Any proceeds received by Cambridge from such licences, together with any proceeds resulting from sales of subsidiary rights in the Contribution, shall be used by Cambridge to support the continuing publication of its academic works.
- 4.2 The information contained on this form will be held for record-keeping purposes by Cambridge. The name(s) of the Author and any CoAuthor(s) may be reproduced in the Journal and provided to print and online indexing and abstracting services and bibliographic databases. Cambridge complies with the UK Data Protection Act and its requirements for the retention, use and storage of Personal Data (as such term is defined in that Act).

#### 5 ENTIRE AGREEMENT AND GOVERNING LAW

- 5.1 This LTP contains the entire agreement between Cambridge and the (Co)Author(s) concerning the Contribution and supersedes all related prior agreements, arrangements and understandings (whether written or oral). No addition to or modification of any provision of this LTP shall be binding unless it is in writing and signed on behalf of Cambridge and the (Co)Author(s).
- 5.2 This LTP is governed by the laws of England and Wales and is subject to the exclusive jurisdiction of the English courts.
