

11th INTERNATIONAL EQUINE INFECTIOUS DISEASES CONFERENCE (IEIDC XI)

Deauville, Normandy, France

28th September – 2nd October 2020

CALL FOR RESEARCH ABSTRACTS

IEIDC XI will be held in the prestigious and elegant seaside resort of Deauville, Normandy, France from 28th September to 2nd October 2020 and will be located in the modern, purpose built Centre International de Deauville (CID) facility.

The International and Local Scientific Organising Committees invite you to **SUBMIT RESEARCH ABSTRACTS** relating to any aspect of equine infectious disease research. Examples may include epidemiology, bacteriology, immunology, parasitology and virology and be of relevance to the following systems and topics:

Biosecurity

Diagnostics

Gastrointestinal

Neurological

Reproduction

Respiratory

Surveillance

Working equids

Emerging and re-emerging diseases

Other system diseases

Research abstracts should be submitted electronically via the IEIDC XI web site between **27th March 2020** and **17th April 2020**. Abstract and submission guidelines are available at <http://eidc2020.com>. Both oral and poster presentation formats will be available.

Further information is available at <http://eidc2020.com>
