Dear Dr. De Liberato,

I am pleased to confirm that your paper has been accepted for publication in  
Parasites & Vectors. Please feel free to refer to it as 'in press' in any  
other communications that you may be preparing.

Please download from the website your edited MS which can be found under  
'View Attachments'. Could you please check the changes carefully to ensure  
that no changes have altered the scientific meaning of your text and provide

relevant figures, tables and supplementary files are present. Please ensure  
that the manuscript is not in track changes mode, and that your initials are
