Ciao Patrizia

ecco la mail con costo previsto per pubblicazione su Journal Apicultural Research
Se glielo chiediamo ci mandano la fattura ma hanno bisogno di:

Full name and billing address against which the invoice should be raised, VAT number, currency (EUR)

Credo comunque tutto dopo la delibera, giusto ?

thanks

Marco

Dear Dr. Chelsey Horstmann Dennis,

Many thanks for your mail.

We are in contact with our Administrative Dept. to give you a prompt answer.

Best regards.

Dear Giovanni Formato,

I hope this finds you well. You have indicated in the Electronic Copyright System that you would like to make your article, "Liquid formic acid 60% to control varroa mites (Varroa destructor) in honey bee colonies (Apis mellifera): protocol evaluation" Open Access, and I can see that you have completed and returned a Creative Commons Open Access license form.

13/09/2017

The APC for an article published in Journal of Apicultural Research is \$2950 USD/€2150 EUR/£1788 GBP/\$3226 AUD (excluding VAT where applicable). If you would like to go ahead with the Open Access, what I will need to do is to raise an invoice for the APC, which you will be able to pay by bank transfer or credit card. In order to do this, I will need the following information:

- Full name and billing address against which the invoice should be raised
- VAT number, if applicable
- The currency the invoice should be raised in (GBP, EUR, USD, or AUD)

If you have selected Open Access in error please let us know so that we can revert your article to a standard publication route.

It would be appreciated if you could respond to this email within 7 days, if we do not hear from you within this time we will assume the request for Open Access was made in error and revert back to standard Green access.

Kind Regards,

Chelsey Horstmann Dennis
